E. G. Hudson's Statement

E. G. Hudson, Chamblee, Ga., writes "Last year I bought and tried Foley Cathartic Tablets. I have tried many cathartics, but for a thorough cleansing movement of the bowels without the slightest inconvenience or sickening, I believe the Foley Cathartic Tablet the best on earth. It's a perfect cathartic, with no bad effects." Everybody suffers occasionally from indigestion or constipation, so Mr. Hudson's experience is worth remembering. Stout persons say these tablets relieve that "heavy" feeling.—Sands-Dorsey Drug Co.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
